

GREAT EXPECTATIONS BASE-LINE STUDENT ACHIEVEMENT DATA

Dear Principal,

In an effort to establish base-line student achievement data for all model schools, Great Expectations is seeking to gather achievement test scores for your school, one year prior to Great Expectations implementation in any grade level.

This information will be used as we compare the level of student achievement prior to implementation with that of current levels of student achievement.

Please complete the form and return it to Cheryl Price, Great Expectations, 717 N. Grand, Suite 118, Tahlequah, OK 74464.

Thank you,

PRE-GE STUDENT ACHIEVEMENT TEST SCORES

Norm-Referenced Testing

Directions: Norm-referenced achievement test scores, for the year immediately prior to GE implementation in any grade level, should be recorded for the state-mandated grade 3 and for any additional grades listed, if the school provided testing in those grades. The NCE and NPR scores should reflect the Total Composite Score.
